NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as $\frac{1}{2}$, $\frac{3}{4}$, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1250 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

As he was subsequently restored to duty by

without trial, but upon conditions which appear to have
been complied with (so far as not waived by the Gov-

against him. The record of the fact that he was absent
in desertion from on or about July 9,
1861, to on or about December 23, 1863,
cannot, however, be expunged.

The record that this man was

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l., l., &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy; convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

NOTE 1:

NOTE 1.
The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, and the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certification of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

NOTE 2.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—on p. 1, &c. &c.: to describe particularly the disability, wound, or circumstance to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

1911 Regulations, Edit. 1911.

In all cases that have not been reported to the War Department, in giving certificates of disability, the surgeon should state the nature, degree, and origin of the disability, and the date of the examination.

Par. 1350 Regulations, Edit. 1911.

Medical officers, in giving certificates of disability, shall take particular care in all cases that have not been charged, and especially in epilepsy, convulsions, chorea, rheumatism, disengagement of the urinary organs, opthalmia, where, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

of orders and while under arrest left the camp
of the Regt near Ouka on the 15th day of

In obedience to paragraph 26, Art 5,

to report (in the absence of written charges,
which have been handed in, but taken
away by Genl Nelson when he left the

1. Disobedience of orders;
2. Breach of parole;
3. Desertion;

and as nearly as I can remember
the following are the specifications
to the charges:

First, Refusing to take charge of
a working party when ordered to do
so by his Colonel.

Second, leaving his camp near Lenoir,

I certify that I have examined
Capt. Jos. T. Wheeler of Co. A. 1st Regt Ky. Inf.
and find his condition as follows—
viz. His right leg is 1 1/2 inches shorter than
the other produced by having had his
thigh broken. This defect produces lame-
ness in the limb & ulceration of the heel
on severe marching as I have witnessed
He also has several Hernia on the left
side which at times is very painful on
exertion as I have also seen

The injuries are of such a character
that most men would have succumbed
in the hard service he has perform-

I had the honor to forward
the resignation of Doctor W. L. White formerly Asst Surgeon
of my Regiment, but who I drop^d from the rolls on our
being mustered into the service of the State of Ky. as we had no
farther use for him. This was an agreement between the Asst
General of the State and myself. Doctor White is entitled to
pay up to Jan'y 22nd inclusive 1863. from the time last paid which
was as he informs me up to Jan'y 1st /62 - The Order No 27 not
being issued at that time would hardly apply to this case,
and since Genl Rosecrans has assumed Command of this
Department he has already accepted the Resignations of
four of my Officers who were dropped from my rolls
in the same way. This is the last case, and I have no
doubt if you will oblige by forwarding same it will be
immediately granted as the others were to get rid of extra
annoyance. Surgeon White was with the Regt up to Jan'y 22nd /62
but never since. If you deem it consistent please forward
the papers as enclosed.

NOTE 1.

The company commander will here add a statement of the facts known to him concerning the disease or wound, cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or place, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted on the line of his duty; and whatever other facts may aid in determining as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable cause for pension, special care must be taken to state the degree of disability—as *1*, *2*, &c., &c.; describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb, faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In a case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1360 Regulations, Edn. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, phthisis, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post-commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the notice of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, so that the soldier is furnished with the proper final statement in duplicate, and send BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

Accompanying this please find
despatch from Lieut Williamson 14th Sept. at Camp
Engart. I have written him, that we were unable
to render any assistance from this quarter & that he
must in case of Col Engart's failure guard closely
against the enemy crossing the river & call upon
his forces for assistance. Also that I thought the
strength of the enemy were overestimated. Any
additional orders you may have please send by
return of messenger. Capt. G. L. says he feels more
provisions should be ordered at once. but fears they
will not come on his order. wishes to know if he
is relieved from the responsibility.

Duty	Transportation

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as 4, 3, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edn. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statement in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

John F. Wright
Oct 29th 1861.

About his appointment
to the Chaplaincy.

18th Regt.

W. 311

Camp Gaudy Oct-29 1861
Brig. Gen Cox
or Sir.

On the 6th day of
July 1861 I was appointed Chap-
lain of the 1st Ky Reg. and have
been serving in that relation up
to this date under the appointment
of Col J. G. Guthrie, with, as I suppose,
~~with~~ the concurrence of the Commanders
of Companies or a majority of them.
I recollect many of the Captains be-
ing present and of being intro-
duced to them, but what consultation
he had with them or what action
they took, I have no knowledge, but
supposed the proceedings were in
accordance with the forms of law,
and the written appointment
transmitted me was the result.

My mind remained settled in
regard to my commission not
having heard that its legality was

suspected by any one until
the end of three months. on the
6th of oct. Lieut. Esigard mentioned
to me, that when the Regt got togeth-
er at Gauley they wanted elect a
Chaplain. I sought an interview
with Col. Guthrie and inquired
what it meant? He replied that
there was some informality in my
appointment by himself, but
that "they would sanction it" I
therefore awaited the action
whatever it might be. No proceed-
ings have yet been had, and I
am informed my name is not
on the list of officers or pay roll
and it is now said the adjutant's
book in which my appointment
was ordered to be entered has
been lost. but the original paper
written by Col. Guthrie is on
file at our head quarters af-
firming my appointment as

Chaplain and authorizing me
to act as such.

I respectfully submit this case
to you, as I suppose the proper
authority, and enquire if there
be any remedy? It seems to me
if errors were committed and
defects do exist in the process
by which my appointment was
made, as I have no participation
in those errors, no blame should
attach to me nor should I be
otherwise injured thereby. I
hope at least to have your
counsel in regard to the matter.
McConine one of your aides was
the adjutant of ~~regt~~ the Regt at
the time at Camp Benning and
as the book is lost it cannot be
known, ^{that} the appointment was sent
on to the department at Washington
or not unless he may recollect.
Very respectfully yours John F. Wright
